LEG TIPS WITH FELT PADS

CO-MOULDED PLASTIC WITH FELT

Excellent performance, proven durability

Our plastic leg tips are provided with felt pads to ensure a good sliding feature on different types of floors.

They avoid squealing on smooth floors and allow the chair to move smoothly. They come transparent or black, as inserts or outer caps. Almost hidden, they prevent dangerous scratches to the floors.

PATENTED SYSTEM

- The rounded lines give harmony and lightness to this product making it functional and trendy. The rounded corners, moreover, increase the safety of use and allow to easily clean, disinfect and sanitize the outside surface. Must have for hospitals.

The front side is made of soft rubber that absorbs the impact, reduces the noise and improves the aesthetics.
